

Recreation VP Report

We managed to see a bit more of a normal season this year but still with some restrictions. There were still a lot of different obstacles to approach on top of the Covid-19 restrictions. As always, a huge thank you to the team staff and helping make sure the kids had the best season they could. In the recreation program we iced 16 teams from U11 to U23. Among those 16 teams 9 made it to their respective levels championship finals. Of the 9 we brought home 4 banners for the following U13 Silver, bronze, U15 Gold and U18 Silver. U15 Sharks also won a banner for a play off against the Dartmouth winner for U15C.

A special thank you to everyone this year from the players to team staff and parents. I know It's not ideal to have to watch some of the games from your phone in the parking lot but I'd say we made the most of it. Another great season in the books!

Thank you,

Mathew Slaunwhite
